Personal Statement

Motivated student with experience in Project Management, AI Development, Data Management, Data Visualization and extensive leadership with multiple nationally recognized non-profits and college organizations. Currently seeking a Summer 2027 internship in Real Estate, Operations, Strategy, Product/Project Management and Analytics.

Education

University of Texas at San Antonio

Bachelor of Business Administration in Business Analytics.

San Antonio, Texas

Expected Graduation: Fall 2027

Experience

Better Futures Institute

San Antonio, Texas

Civic Tech Scholar Internship

June 2026 - Present

- Selected to continue past the summer cohort, building civic technology tools for VIA Metropolitan Transit and other stakeholders using PostgreSQL, React, Python and JavaScript.
- Designed and delivered the initial iteration of the Route Planner AI Platform, which is now used by VIA Route Planners, cutting down data retrieval from 4 hours to 5 minutes, eliminating the need for continuous manual pulls.
- Currently continuing to develop the platform working on extending the features, especially forecasting.
- Collaborated with 20 scholars to research, write and publish the 2026 Workforce of the Future report, informing regional workforce strategy.

University Health

San Antonio, Texas

Health Information Systems Intern

February 2025 - May 2025

- Partnered with the UH Epic Cogito team to analyze scheduling and utilization across the University Health system.
- Analyzed 16,000+ row clinical datasets in Microsoft Excel, Identifying 1 major and 2 minor scheduling deficiencies.
- Built visual summaries of findings and presented them to UH Epic Cogito leadership.

Projects

APIG Airbnb Dashboard

September 2025 - December 2025

- Utilized a large structured dataset to show real estate market insights in the Austin area.
- Cleaned data that was collected over a 16 year period, resulting in an accurate analytical model.
- Presented the finished dashboard to multiple stakeholders including employees at JLL Real Estate.

Vibra AI Platform

October 2025

- Competed at the 24 Hour business competition as part of the Hispanic Serving Institution Battle of the Brains.
- Developed a full website which delivered 20% savings in research time to customers.
- Built an advertising platform that was projected to give 35% greater click through rates compared to traditional methods of online advertising.

Leadership & Activities

Business Student Council at UTSA

San Antonio, Texas

President and Chief Executive Officer

December 2025 - Present

- Leading the organization with the most active members to date.
- Facilitated the training and transition of new officers ensuring continued success.
- Spearheaded initiatives transforming our offerings to our members.
- Coordinated with stakeholders to deliver quality experiences and connections to our members.

National Hispanic Institute at San Antonio

San Antonio, Texas

College Staff

September 2024 - Present

- Acting as a main point of contact for a staffing team consisting of 90+ high school and college staff.
- Facilitate staff development across multiple sessions overseeing conduct and organizational elections.
